

WHO WE ARE

BMS World Mission was founded in 1792 and we are proud of how, over more than two centuries, we have adapted to the challenges facing each generation. We remain passionate about making Jesus known across the world and transforming the lives of those in the most marginalised and least evangelised societies on earth.

We exist to bring people to faith in Jesus Christ and to experience the abundant life only he can provide. BMS has grown as a global community of mission personnel, partners and international mission workers in more than 30 countries across Africa, Asia, South America and Europe, supported by more than 1,500 churches around the UK.

Our current strategy recognises that God is at work in many new and exciting ways in our rapidly changing world. Seeing people come to faith in Christ and ending suffering and injustice remains our imperative. Our mission must be meaningfully informed and influenced by the Majority World Church and we need to make sure that our faith-stretching vision is resourced and supported.

OUR VISION: BMS exists to see people brought to faith in our Lord and Saviour Jesus Christ and experience the abundant life that only he can provide.

OUR MISSION: As a Christian mission organisation we aim to share life in all its fullness with the world's peoples by:

- Enabling them to know Christ
- Alleviating suffering and injustice
- Improving quality of life with people as our primary agents of change – motivating, training, sending and resourcing them

OUR STRATEGY: Bringing transformation to the **most marginalised, least evangelised** and **people on the move** by **partnering with the Global Church**.

OUR VALUES: Our values define who we are, they shape our identity, they guide our decisions and they motivate us to pursue our vision. They are:
